Located approx. 10 minutes northwest
of Temple, TX

2 black girls

3 yellow boys

Dam: Carly is a yellow lab with black eyes and black nose. She is a family pet who adores children and is very gentle and good natured. She has many hunting tendencies. Several of her ancestors have been trained to be excellent hunting dogs. Her pedigree indicates a champion show bloodline.

Sire: Tex is very intelligent, people oriented, and athletic. He loves retrieving, especially in the water. Tex's pedigree has a strong champion bloodline well known in Texas and nationally. His sire is a master hunter, and dam is a senior hunter retriever.

- Pups will:
 - Have LITTER AKC registration papers
